Autumn / Winter 2011

# Introduction

Claudia Canova has been the little sister to our well established leather goods brand of Smith & Canova for 5 years. Since those early days she has grown rapidly and is now achieving the same popularity and record sales figures as her big brother.

Our collection for Autumn/Winter 2011 showcases our continuing commitment to providing a high quality, affordable, fashion led product with our range of exclusive and unique designs. This season we have sourced some fantastic materials including Ostrich print and Raffia in a colour palette of rich browns and tans with splashes of fuchsia, navy and purple. Key trends for this season include tassels, quilting and beautiful embellishment as well as our star collection of luxurious faux fur handbags and accessories.

We have achieved great success with our extensive collection of gift-inspired accessories, this season we continue to offer coherent collections with our range of complimentary purses, cosmetic bags, laptop and mobile phone accessories.

As well as our current collections we also provide a 'Made to Order' service. This allows customers to create their own unique styles, to their specific requirements with the help of our in house design team and our well established manufacturing connections.
