SPRING SUMMER 2012

Claudia Canova

Introduction

The Claudia Canova Spring Summer 2012 collection has been widely anticipated. After a rapturous reception at the Spring Summer 2012 launch shows we have been delighted with the success and demand for the brand. Claudia Canova has been carving out its own identity in the handbag and accessories arena since its launch several years ago. The Claudia Canova range is also making waves in the Fashion press - appearing in high readership publications both in print and online.

This season features a real star studded collection of fabrics and colours. Bright Oranges, Fuchsias, Corals are offset by baby pinks, mustards and neutrals/off whites. Our synthetic fabrics used include croc, ostrich, satin, reptile, sequin embellishment, quilting and patent (quite a choice!) We have used some trend led finishing touches such as chains, contrast fabrics, charms and tassels across several styles.

Our gift-led accessories collection is growing at a rapid rate. We now feature purses, wallets, wristlet purses, Kindle cases, iPad cases, hipflasks as well as delightful occasion and evening bags.

Made To Order

We now have established relationships with several high street brands for their own Made To Order service. For more information on this service and volume productions please contact:
